This PEIR incorporates by reference the environmental analysis and other information contained in the 2012 Central Valley Flood Protection Plan Consolidated Final Program Environmental Impact Report, June, 2012, State Clearinghouse #2010102044 (CVFPP FPEIR). The CVFPP FPEIR addresses a broad range of flood protection activities throughout the Central Valley, including those areas that will be addressed by the SERP. It is referenced in this PEIR to provide additional information about broad-scale issues and planning efforts, cumulative activities, macro-level management alternatives, and the associated environmental effects (both beneficial and potentially adverse). Mitigation strategies described in the CVFPP FPEIR have been adapted for purposes of this PEIR as appropriate. The executive summary of the CVFPP FPEIR is included as Appendix G, “Central Valley Flood Protection Plan Consolidated Final Program Environmental Impact Report: Executive Summary.” The full text of the CVFPP FPEIR is available online at <http://www.water.ca.gov/cvfmp/documents.cfm>.
